Importance of Regular Attendance in School

Dear Parents,

As per CBSE norms, it is mandatory for every student to maintain **at least 80% attendance** during the academic session. **It has been observed that students are absent on the day following an official holiday declared by the school.** This practice is affecting their academic progress.

Regular attendance is crucial for the following reasons:

- Students who miss classes lag behind in academics.
- Important lessons and instructions given by teachers are missed.
- Absenteeism results in a loss of continuity in learning.

We request parents to take responsibility for ensuring that their ward attends school regularly.

Kindly note:

- Attendance after holidays is equally important.
- Irregular attendance will hinder the student's academic performance.
- Parents must ensure their child does not miss valuable classroom teaching.

Your cooperation in this matter is essential to support the academic growth and discipline of your child.

Regards.

Ms. Upinder Kaur Ahluwalia

Principal
